ACADEMIC YEAR 2023-24(ODD SEMESTER)**

**Staff Seminar Report**

A one day seminar titled “**Emotional Intelligence**” was organized by ISTE Staff Chapter [TN 205] on **12.10.2023** from 3.00p.m. to 3.45p.m. to the faculty members of Kings College of Engineering with an objective to offer a better understanding of Emotional Intelligence. Welcome address was delivered by **Mrs.T. Gnanajeya**, Coordinator / ISTE Chapter. The session was handled by the resource person **Mrs.B. Bavithra**, Assistant Professor / Department of Computer Science and Engineering.

The resource person presented Emotional intelligence is the ability to recognize and manage emotions in ourselves and others. It involves the ability to understand and use emotions to lead a successful, balanced, and fulfilling life. This may include the ability to recognize and regulate one's own emotions, empathize with others, and manage relationships effectively. Emotionally intelligent individuals are often better at solving problems, making decisions, and leading others. Emotional intelligence can also help with communication, problem-solving, and leadership skills. Ultimately, emotional intelligence can contribute to overall life satisfaction, career success, and personal relationships in excellent manner. Totally 18 faculty members actively participated in this session and gained knowledge about Emotional Intelligence. Vote of thanks was given by Mrs.T. Gnanajeya, Coordinator / ISTE Chapter.
