

DEPARTMENT OF MECHANICAL ENGINEERING

GUEST LECTURE REPORT

Date : 20.04.2023

In our department, Guest lecture was conducted in the topic of Six Sigma Concept on 20.04.2023 between 1.00 p.m. and 2.00 p.m. at our Seminar Hall. The resource person explained about Six Sigma concept, various Principles followed in Six Sigma concept as well as the various industrial applications. Totally 45 students from second year Mechanical Engineering participated and benefited. More number of students interacted with resource person and clarified their doubts.

Resource Person:

1. Mr.M.Ramanan,
Assitant Professor,
Department of Mechanical Engineering,
Parisutham Institute of Science & Technology.

Objectives of the Event:

- To enlighten the students about the theoretical and practical aspects of Six Sigma.
- To bring conceptual knowledge, corporate experience and help students choose the right career path, according to their skills and interest.
- To make the students aware about the latest trends in Six Sigma Concept.
- To provide a forum for students to interact with subject experts.

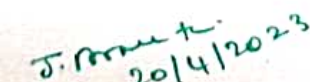

The resource person explained about Six Sigma Concepts

Guest Lecture Outcomes:

- Gained the knowledge about the Six sigma.
- Learned the various Six sigma tools.
- Understood the Six sigma concepts followed in various Industries.
- The students were able to distinguish the 5S concept and Six sigma Concepts.
