Subject: Student Feedback less than 75% -reg.

Respected Sir,

I am writing to express my concern regarding the student feedback for the subject CY3151 Engineering Chemistry, which I have been teaching during the 2023-2024 ODD semester. Regrettably, my feedback score stands at 66.84%, which is below the desired threshold of 75%.

I completely understand that this feedback reflects the students' views on my teaching, and I take full responsibility for ensuring that my teaching methods align with their expectations and effectively support their learning.

I truly value the opportunity to contribute to the academic growth of the students at Kings College of Engineering and am committed to refining my teaching techniques. I kindly request your support and understanding as I work to implement these changes and improve the overall quality of my teaching.

Thank you for your time and consideration.

Yours sincerely,
Mrs.S.Thipura Salani

Subject: Student Feedback less than 75% -reg.

Respected Sir,

I am writing to bring to your attention a concern regarding the student feedback for the subject MA3151 Matrices and Calculus, which I have been teaching during the academic session 2023-2024 (ODD semester). Unfortunately, my feedback score has been recorded as 74.80%, which is slightly below the expected 75% threshold.

I completely recognize that the feedback represents the students' views on my teaching, and I take full responsibility for ensuring that my methods align with their expectations and effectively support their learning.

I greatly value the opportunity to contribute to the academic growth of the students at Kings College of Engineering and am committed to enhancing my teaching methods. I kindly request your support and understanding as I work on implementing these improvements to elevate the quality of my teaching.

Thank you for your time and consideration.

Respected mam,

Sub: Students feedback less than 75% - reg.

I kindly inform you that my students feedback was 63% in Power Electronics course. My opinion is I am always very strict in classroom atmosphere in all aspects like assignment submission. Low percentage may be come due to this reason. I will follow different strategy in future.

Thanking you

Yours truly,
S. Navin Babu.

Subject: Student Feedback Less than 75% -reg.

Respected Sir,

I am writing to bring to your attention a concern regarding the student feedback for the subject AG3601 Engineering Geology, which I have been handling during this academic session 2023-2024 (III Year, VI Semester). I regret to inform you that my feedback score has been recorded as 67.40%, which is below the expected threshold of 75%.

I fully acknowledge that the feedback reflects the students' perspectives on my teaching, and I take this seriously. It is my responsibility to ensure that my teaching methods align with their expectations and contribute to their learning effectively.

I deeply value the opportunity to contribute to the academic growth of the students at Kings College of Engineering and am committed to enhancing my teaching methods. I sincerely request your support and understanding as I work to implement the necessary changes and improve the standard of my teaching.

Thank you for your attention and consideration.

Yours sincerely,
Mr. D. Nandakumar
