Sir/ Madam,

GREETINGS FROM KINGS COLLEGE OF ENGINEERING!

From civil department, our students are willing to attend the internship with your reputed institution. As per their curriculum. Therefore, I request you to kindly allow them to attend the internship program in your centre. I believe you would accept my request and allow my students to attend the internship. I shall be highly obliged for your kind support.

With Regards

Ms.R.Revathi

Sir/ Madam,

We are very happy to inform you that our CSE Department students are interested to join the internship training from your esteemed company. As per the curriculum, the students need to attain a certificate after adequate training.

It will be a great opportunity for the students as they will get to learn a lot of new things related to our department. We request you to kindly allow our students to join the training program and do the needful.

Thanking You

Yours faithfully

SUB: Acceptance of Internship

Sir / Madam,

This letter is to confirm to you that the students of CSE Department have been offered an internship with Kaavish technologies.

In order to receive credit, the student's internship experience must meet the standard requirements. I affirm that this internship will be total period of 15 days. The internship programme will be on Android. The work is on-site and includes meaningful tasks that focus on developing the knowledge, skills, and abilities of the student that are applicable to future employment opportunities. An on-site supervisor will conduct weekly check-in meetings to discuss the work progress and write a final evaluation report.

Cheers,

Dear Sir,

Sub: Requisition for Industrial Visit/**Internship**/In-house Training – reg.,

Kings College of Engineering (KCE) is an institution which was formed with the single aim of providing quality education to the poor and underprivileged students. KCE is an NAAC accredited institution approved by All India Council of Technical Education, New Delhi (AICTE) and is affiliated to Anna University, Chennai. The institution was established in the year 2001 on a sprawling campus of around 48 acres on the Thanjavur-Pudukkottai Highway and run by Raj Educational Trust (RET). The institution offers five U.G and four P.G programmes and certified with ISO 9001:2008. The state of the art teaching methodologies are used to impart high quality education to the students including e-learning.

Vision

To produce technically competent, socially responsible Electronics and Communication Engineers with research insight.

Mission

Establishing learning environment and practicing advanced Electronics and Communication Engineering through effective teaching learning methodologies with ethical prospective.

In this regard, we would like to involve your esteemed organization to be a part of students skill development by:

- Permitting our students for industrial visit.
- Providing training to students during semester holidays.
- Permitting our students to do final year project work and give the necessary technical assistance and guidance.
- Permitting our faculty members to visit and update their knowledge.

Thanking you and expecting your sincere cooperation in this regard for the benefit of the student fraternity.

With Regards,

Dear Sir,

Sub: Requisition for Industrial Visit/**Internship**/In-house Training – reg.,

Kings College of Engineering (KCE) is an institution which was formed with the single aim of providing quality education to the poor and underprivileged students. KCE is an NAAC accredited institution approved by All India Council of Technical Education, New Delhi (AICTE) and is affiliated to Anna University, Chennai. The institution was established in the year 2001 on a sprawling campus of around 48 acres on the Thanjavur-Pudukkottai Highway and run by Raj Educational Trust (RET). The institution offers five U.G and four P.G programmes and certified with ISO 9001:2008. The state of the art teaching methodologies are used to impart high quality education to the students including e-learning.

Vision

To produce technically competent, socially responsible Electronics and Communication Engineers with research insight.

Mission

Establishing learning environment and practicing advanced Electronics and Communication Engineering through effective teaching learning methodologies with ethical prospective.

In this regard, we would like to involve your esteemed organization to be a part of students skill development by:

- Permitting our students for industrial visit.
- Providing training to students during semester holidays.
- Permitting our students to do final year project work and give the necessary technical assistance and guidance.
- Permitting our faculty members to visit and update their knowledge.

Thanking you and expecting your sincere cooperation in this regard for the benefit of the student fraternity.

With Regards,

H.O.D.

Ref: KCE/PRL/MOU/179/2015-16

01.06.2016

Memorandum of Understanding (MOU)

This Memorandum of Understanding has been signed on this day of 01.06.2016 between Armada Industrial Automation represented by Managing Director with its office at Hig 47, New Housing Unit, Thanjavur-5 (hereafter referred to as AIA), Kings College of Engineering represented by its Principal, having its office in Punalakulam, Near Thanjavur, Pudukkottai District, Tamilnadu (hereafter referred to as KCE).

The two parties hereby mutually agree and place their signature on this document with their full understanding to extend their mutually beneficial support for a period of five years.

With a view to enhance the capacity and capability of the students, KCE is looking for a venue where our students can get hands on training in corporate.

As part of terms of reference would like AIA

1. To permit students for Industrial visit.
2. To provide training to students during semester holidays.
3. To permit students to do final year project work and give necessary technical assistance and guidance.
4. To provide KCE with a training module this can be used by KCE to make their students employable in AIA.
5. To visit KCE at the beginning of odd semester and measure or compare whether the skill sets possessed by KCE students conforms to/match the nature of skills required by the job at AIA.
6. To arrange presentations/workshops/seminars/training programmes/practical Demonstrations etc either at AIA's premise or at KCE's premises (or both) to facilitate KCE students to acquire skills required for employment at AIA.
7. To visit KCE premises for campus recruitment and provide opportunity for KCE students for employment in AIA.
8. To provide any other mode of industrial exposure to students as AIA deems it desirable & convenient.

Similarly KCE would like to offer the following services:

1. To provide refresher courses in diverse fields to AIA staff at different levels.
2. To take up R&D work to be of mutual interest.
3. To undertake consultancy work in thrust areas.
4. To serve as a platform hosting industrial exhibitions, events etc.
5. To organize seminars, guest lectures, workshops etc jointly organized by both.
6. To provide necessary resources to conduct training at KCE premises for enhancing the skill requirement of students.
7. To provide necessary resources to conduct campus recruitment at KCE.
8. To provide resources available with KCE like net lab, language lab, communication lab etc for use of AIA at mutually convenient dates.

BROTHER'S CONSTRUCTIONS
Budalur, Thanjavur- 613602
Email: subash@brothersconstruction.com

Dear Sir,

Sub: Requisition for InHouse Training – reg.,

Kings College of Engineering (KCE) is an institution which was formed with the single aim of providing quality education to the poor and underprivileged students. KCE is an NAAC accredited institution approved by All India Council of Technical Education, New Delhi (AICTE) and is affiliated to Anna University, Chennai. The institution was established in the year 2001 on a sprawling campus of around 48 acres on the Thanjavur-Pudukkottai Highway and run by Raj Educational Trust (RET). The institution offers five U.G and four P.G programmes and certified with ISO 9001:2008. The state of the art teaching methodologies are used to impart high quality education to the students including e-learning.

Vision

To impart Globally Competitive Technical Education, enhance Human Values and to provide a Research Atmosphere to the socially challenged Aspirants.

Mission

Providing a Comprehensive Theoretical foundation, inculcating state of the art engineering practices and cutting edge research ambience that leads to societal upliftment with ethical values through effective teaching-learning methodologies and appropriate information communication tools via dedicated faculty to the aspirants.

In this regard, we would like to involve your esteemed organization to be a part of students skill development by:

- Permitting our students for industrial visit.
- Providing training to students during semester holidays.
- Permitting our students to do final year project work and give the necessary technical assistance and guidance.
- Permitting our faculty members to visit and update their knowledge.

Thanking you and expecting your sincere cooperation in this regard for the benefit of the student fraternity.

Dear Sir,

Sub: Requisition for Project Field Visit – reg.,

Kings College of Engineering (KCE) is an institution which was formed with the single aim of providing quality education to the poor and underprivileged students. KCE is an NAAC accredited institution approved by All India Council of Technical Education, New Delhi (AICTE) and is affiliated to Anna University, Chennai. The institution was established in the year 2001 on a sprawling campus of around 48 acres on the Thanjavur-Pudukkottai Highway and run by Raj Educational Trust (RET). The institution offers five U.G and four P.G programmes and certified with ISO 9001:2008. The state of the art teaching methodologies are used to impart high quality education to the students including e-learning.

In this regard, we would like to involve your esteemed organization to be a part of students skill development by:

- Permitting our students for Project field visit.
- Providing training to students during semester holidays.
- Permitting our students to do final year project work and give the necessary technical assistance and guidance.
- Permitting our faculty members to visit and update their knowledge.

Thanking you and expecting your sincere cooperation in this regard for the benefit of the student fraternity.

Respected Sir,

I am pleased that you are interested in visiting our industry. I would like to schedule a date and time for you. I can assure you that our industry will give your student significant knowledge during this visit.

I hope this visit will give your student to know things practically through interaction and working methods. It will lessen the gap between lessons and the practical working environment.

I am very much interested to train your students. Kindly ask them to meet me directly at our office.

We wish all the very best for their future.

SUB: Acceptance of Internship

Sir / Madam,

This letter is to confirm to you that the students of CSE Department have been offered an internship with Kaavish technologies.

In order to receive credit, the student's internship experience must meet the standard requirements. I affirm that this internship will be total period of 5 days. The internship programme will be on Web development. The work is on-site and includes meaningful tasks that focus on developing the knowledge, skills, and abilities of the student that are applicable to future employment opportunities. An on-site supervisor will conduct weekly check-in meetings to discuss the work progress and write a final evaluation report.

Cheers,

Sub: Industrial visit

Respected Sir/Madam,

Have a nice day.

As per your request on the above cited subject, Approval is hereby accorded by GM/BSNL/Trichy for the students of your college and permitted to undertake industrial visit. Plz do come on 05-03-2020 morning by 1030 hours.

With the approval of competent authority, you can pay Rs.200/= per student for BSNL Industrial visit on 05-03-2020. The fees can be paid in person on the day of visit.

Students are to be instructed to come with id proof and to strictly maintain discipline while on industrial visit.

Certificate will be issued on the day after completion of Industrial visit.

EFFECTIVENESS / OUTCOME OF INDUSTRIAL VISIT

BSNL, Trichy

06/03/2020

The Objective of Industrial Visit :

1. To know about the state of art technology in the Industry.
2. To know about the industrial standards.
3. To get experience about the working environment.
4. To motivate them to get placement in Govt. Sectors.

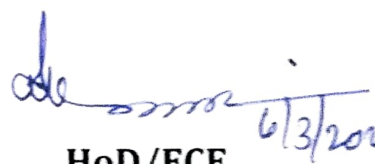

Industrial Visit Analysis:

1. Students get knowledge about modern technologies.
2. Know about crossbar switch.
3. Know about fiber optic technologies.
4. Learn about the networking concepts.
5. Clarify their doubts regarding various communication methods used in Telecom Industry.

Ref: KCE/PRL/MOU/179/2015-16

01.06.2016

Memorandum of Understanding (MoU)

This Memorandum of Understanding has been signed on this day of 01.06.2016 between Armada Industrial Automation represented by Managing Director with its office at Hig 47, New Housing Unit, Thanjavur-5 (hereafter referred to as AIA). Kings College of Engineering represented by its Principal, having its office in Punaikulam, Near Thanjavur, Pudukkottai District, Tamilnadu (hereafter referred to as KCE).

The two parties hereby mutually agree and place their signature on this document with their full understanding to extend their mutually beneficial support for a period of five years.

With a view to enhance the capacity and capability of the students, KCE is looking for avenues where our students can get hands on training in corporate.

As part of terms of reference would like AIA

1. To permit students for industrial visit.
2. To provide training to students during semester holidays.
3. To permit students to do final year project work and give necessary technical assistance and guidance.
4. To provide KCE with a training module this can be used by KCE to make their students employable in AIA.
5. To visit KCE at the beginning of odd semester and measure or compare whether the skill sets possessed by KCE students conforms to/match the nature of skills required by the job at AIA.
6. To arrange presentations/workshops/seminars/training programmes/practical Demonstrations etc either at AIA's premise or at KCE's premises (or both) to facilitate KCE students to acquire skills required for employment at AIA.
7. To visit KCE premises for campus recruitment and provide opportunity for KCE students for employment in AIA.
8. To provide any other mode of industrial exposure to students as AIA deems it desirable & convenient.

www.kings.edu.in

Similarly KCE would like to offer the following services:

1. To provide refresher courses in diverse fields to AIA staff at different levels.
2. To take up R&D work to be of mutual interest.
3. To undertake consultancy work in thrust areas.
4. To serve as a platform hosting industrial exhibitions, events etc.
5. To organize seminars, guest lectures, workshops etc jointly organised by both.
6. To provide necessary resources to conduct training at KCE premises for enhancing the skill requirement of students.
7. To provide necessary resources to conduct campus recruitment at KCE.
8. To provide resources available with KCE like net lab, language lab, communication lab etc for use of AIA at mutually convenient dates.

Subject: Permission for Industrial Visit reg.

Respected Sir/Madam,

Kings College of Engineering is premier institute in Thanjavur region, affiliated to Anna University, Chennai, approved by AICTE, New Delhi and accredited by NAAC. The institution was established in the year 2001 on a sprawling campus of around 60 acres on Thanjavur-Puduchennai highway and run by Raj Educational Trust (RET). The institution offers five UG and four P.G programmes and certified with ISO 9001:2008. The state of the art teaching methodologies including e-learning are used to impart high quality education to the students.

Our college promotes and encourages the students and faculty to undergo Industrial Visit to expose them to practical applications of academic learning and so as to bridge the gap between institutes to industries. These practices would also enable the students and faculty to upgrade their technical skills.

We express our willingness to send our students and faculty to your esteemed organization in the 1st week of August 2019 and we seek your consent in this regard.

Thank you,

Regards,

J. Arputha Vijaya Selvi

Dear Sir,

Sub: Requisition for InHouse Training – reg.,

Kings College of Engineering (KCE) is an institution which was formed with the single aim of providing quality education to the poor and underprivileged students. KCE is an NAAC accredited institution approved by All India Council of Technical Education, New Delhi (AICTE) and is affiliated to Anna University, Chennai. The institution was established in the year 2001 on a sprawling campus of around 48 acres on the Thanjavur-Pudukkottai Highway and run by Raj Educational Trust (RET). The institution offers five U.G and four P.G programmes and certified with ISO 9001:2008. The state of the art teaching methodologies are used to impart high quality education to the students including e-learning.

Vision

To impart Globally Competitive Technical Education, enhance Human Values and to provide a Research Atmosphere to the socially challenged Aspirants.

Mission

Providing a Comprehensive Theoretical foundation, inculcating state of the art engineering practices and cutting edge research ambience that leads to societal upliftment with ethical values through effective teaching-learning methodologies and appropriate information communication tools via dedicated faculty to the aspirants.

In this regard, we would like to involve your esteemed organization to be a part of students skill development by:

- a) Permitting our students for industrial visit.
- b) Providing training to students during semester holidays.
- c) Permitting our students to do final year project work and give the necessary technical assistance and guidance.
- d) Permitting our faculty members to visit and update their knowledge.

Thanking you and expecting your sincere cooperation in this regard for the benefit of the student fraternity.

With Regards,

The state of the art teaching methodologies are used to impart high quality education to the students including e-learning.

Vision

To impart Globally Competitive Technical Education, enhance Human Values and to provide a Research Atmosphere to the socially challenged Aspirants.

Mission

Providing a Comprehensive Theoretical foundation, inculcating state of the art engineering practices and cutting edge research ambience that leads to societal upliftment with ethical values through effective teaching-learning methodologies and appropriate information communication tools via dedicated faculty to the aspirants.

In this regard, we would like to involve your esteemed organization to be a part of students skill development by:

- Permitting our students for industrial visit.
- Providing training to students during semester holidays.
- Permitting our students to do final year project work and give the necessary technical assistance and guidance.
- Permitting our faculty members to visit and update their knowledge.

Thanking you and expecting your sincere cooperation in this regard for the benefit of the student fraternity.

Dear Sir,

Sub: Requisition for Industrial Visit/**Internship**/In-house Training – reg.,

Kings College of Engineering (KCE) is an institution which was formed with the single aim of providing quality education to the poor and underprivileged students. KCE is an NAAC accredited institution approved by All India Council of Technical Education, New Delhi (AICTE) and is affiliated to Anna University, Chennai. The institution was established in the year 2001 on a sprawling campus of around 48 acres on the Thanjavur-Pudukkottai Highway and run by Raj Educational Trust (RET). The institution offers five U.G and four P.G programmes and certified with ISO 9001:2008. The state of the art teaching methodologies are used to impart high quality education to the students including e-learning.

Vision

To produce technically competent, socially responsible Electronics and Communication Engineers with research insight.

Mission

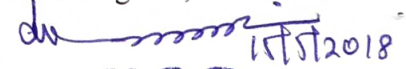

Establishing learning environment and practicing advanced Electronics and Communication Engineering through effective teaching learning methodologies with ethical prospective.

In this regard, we would like to involve your esteemed organization to be a part of students skill development by:

- Permitting our students for industrial visit.
- Providing training to students during semester holidays.
- Permitting our students to do final year project work and give the necessary technical assistance and guidance.
- Permitting our faculty members to visit and update their knowledge.

Thanking you and expecting your sincere cooperation in this regard for the benefit of the student fraternity.

Sir/Madam,

SUB:Acceptance of Internship

I am writing this letter in response to your letter. We are delighted to accept the request of internship for you with our company. We have decided to take you to work on our different on going projects starting from 11/06/2018 to 15/06/2018. During this period, you will be designated as "Internee" at our company.

All the details in relation with the project and duties of the respective internee will be shared on the very first day of their internship with us. And once you have successfully completion of three months, you will have to submit a detailed project report on their internship which will have details of their project and their roles. This report will mark completion of their internship and then the company will issue an Internship Certificate.

During the period of internship, you will come across sensitive information and important details of the company. Therefore, they will need to sign an agreement with the company on their date of joining to maintain the confidentiality of company information.

With best regards,

In-charge

Ref: KCE/PRL/MOU/179/2015-16

01.06.2016

Memorandum of Understanding (MOU)

This Memorandum of Understanding has been signed on this day of 01.06.2016 between Armada Industrial Automation represented by Managing Director with its office at Hig 47, New Housing Unit, Thanjavur-5 (hereafter referred to as AIA), Kings College of Engineering represented by its Principal, having its office in Punalkulam, Near Thanjavur, Pudukkottai District, Tamilnadu (hereafter referred to as KCE).

The two parties hereby mutually agree and place their signature on this document with their full understanding to extend their mutually beneficial support for a period of five years.

With a view to enhance the capacity and capability of the students, KCE is looking for avenues where our students can get hands on training in corporate.

As part of terms of reference would like AIA

1. To permit students for industrial visit;
2. To provide training to students during semester holidays.
3. To permit students to do final year project work and give necessary technical assistance and guidance.
4. To provide KCE with a training module this can be used by KCE to make their students employable in AIA.
5. To visit KCE at the beginning of odd semester and measure or compare whether the skill sets possessed by KCE students conforms to/match the nature of skills required by the job at AIA.
6. To arrange presentations/workshops/seminars/training programmes/practical Demonstrations etc either at AIA's premise or at KCE's premises (or both) to facilitate KCE students to acquire skills required for employment at AIA.
7. To visit KCE premises for campus recruitment and provide opportunity for KCE students for employment in AIA.
8. To provide any other mode of industrial exposure to students as AIA deems it desirable & convenient.

Page 1/2

www.kingsindia.net

Similarly KCE would like to offer the following services:

1. To provide refresher courses in diverse fields to AIA staff at different levels.
2. To take up R&D work to be of mutual interest.
3. To undertake consultancy work in thrust areas.
4. To serve as a platform hosting industrial exhibitions, events etc.
5. To organize seminars, guest lectures, workshops etc jointly organized by both.
6. To provide necessary resources to conduct training at KCE premises for enhancing the skill requirement of students.
7. To provide necessary resources to conduct campus recruitment at KCE.
8. To provide resources available with KCE like net lab, language lab, communication lab etc for use of AIA at mutually convenient dates.

Kings College of Engineering,
Punalkulam.

I am writing this letter in response to your letter dated 27.04.2019. We are delighted to accept the request of Internship/In-house Training for your students with our company. We have decided to take four students from your institution to work on our different ongoing projects. All the details in relation with the project and duties of the respective students will be shared on the first day of their training with us. Kindly support throughout training period and follow the guidelines.

Dear Sir,

Sub: Requisition for InHouse Training – reg.,

Kings College of Engineering (KCE) is an institution which was formed with the single aim of providing quality education to the poor and underprivileged students. KCE is an NAAC accredited institution approved by All India Council of Technical Education, New Delhi (AICTE) and is affiliated to Anna University, Chennai. The institution was established in the year 2001 on a sprawling campus of around 48 acres on the Thanjavur-Pudukkottai Highway and run by Raj Educational Trust (RET). The institution offers five U.G and four P.G programmes and certified with ISO 9001:2008. The state of the art teaching methodologies are used to impart high quality education to the students including e-learning.

Vision

To impart Globally Competitive Technical Education, enhance Human Values and to provide a Research Atmosphere to the socially challenged Aspirants.

Mission

Providing a Comprehensive Theoretical foundation, inculcating state of the art engineering practices and cutting edge research ambience that leads to societal upliftment with ethical values through effective teaching-learning methodologies and appropriate information communication tools via dedicated faculty to the aspirants.

In this regard, we would like to involve your esteemed organization to be a part of students skill development by:

- a) Permitting our students for industrial visit.
- b) Providing training to students during semester holidays.
- c) Permitting our students to do final year project work and give the necessary technical assistance and guidance.
- d) Permitting our faculty members to visit and update their knowledge.

Thanking you and expecting your sincere cooperation in this regard for the benefit of the student fraternity.

With Regards,

Sub regarding internship

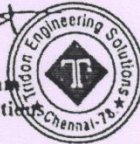

Sir / Madam,

This letter is to confirm to you that the students of our CSE Department have been offered an internship with SLN technologies.

In order to receive credit, the student's internship experience must meet the standard requirements. I affirm that this internship is a total of 15 days. The work is on-site and includes meaningful tasks that focus on developing the knowledge, skills, and abilities of the student that are applicable to future employment opportunities. An on-site supervisor will conduct weekly check-in meetings to discuss the work progress and write a final evaluation report.

Dear Sir,

Sub: Requisition for Industrial Visit/**Internship**/In-house Training – reg.,

Kings College of Engineering (KCE) is an institution which was formed with the single aim of providing quality education to the poor and underprivileged students. KCE is an NAAC accredited institution approved by All India Council of Technical Education, New Delhi (AICTE) and is affiliated to Anna University, Chennai. The institution was established in the year 2001 on a sprawling campus of around 48 acres on the Thanjavur-Pudukkottai Highway and run by Raj Educational Trust (RET). The institution offers five U.G and four P.G programmes and certified with ISO 9001:2008. The state of the art teaching methodologies are used to impart high quality education to the students including e-learning.

Vision

To produce technically competent, socially responsible Electronics and Communication Engineers with research insight.

Mission

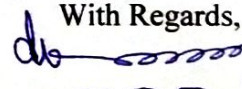

Establishing learning environment and practicing advanced Electronics and Communication Engineering through effective teaching learning methodologies with ethical prospective.

In this regard, we would like to involve your esteemed organization to be a part of students skill development by:

- Permitting our students for industrial visit.
- Providing training to students during semester holidays.
- Permitting our students to do final year project work and give the necessary technical assistance and guidance.
- Permitting our faculty members to visit and update their knowledge.

Thanking you and expecting your sincere cooperation in this regard for the benefit of the student fraternity.

With Regards,

PANTECH PROED PRIVATE LIMITED-TRICHY

Memorandum of Understanding (MoU)

This Memorandum of Understanding has been signed on this day of 01.06.2016 between Pantech ProEd Pvt Ltd represented by Manager with its office at 4th Cross, Thillai Nagar, Trichy (hereafter referred to as PPPL).

Kings College of Engineering represented by its Principal, having its office in Punakulam, Near Thanjavur, Pudukkottai District, Tamilnadu (hereafter referred to as KCE).

The two parties hereby mutually agree and place their signature on this document with their full understanding to extend their mutually beneficial support for a period of five years.

With a view to enhance the capacity and capability of the students, KCE is looking for avenues where our students can get hands-on training in corporate.

As part of terms of reference would like PPPL

1. To permit students for industrial visit.
2. To provide training to students during semester holidays.
3. To permit students to do final year project work and give necessary technical assistance and guidance.
4. To provide KCE with a training module this can be used by KCE to make their students employable in PPPL.
5. To visit KCE at the beginning of odd semester and measure or compare whether the skill sets possessed by KCE students conforms to/match the nature of skills required by the job at PPPL.
6. To arrange presentations/workshops/seminars/training programmes/practical Demonstrations etc either at PPPL's premise or at KCE's premises (or both) to facilitate KCE students to acquire skills required for employment at PPPL.
7. To visit KCE premises for campus recruitment and provide opportunity for KCE students for employment in PPPL.
8. To provide any other mode of industrial exposure to students as PPPL deems it desirable & convenient.

www.pantechproed.com | Tamilnadu | Andhra Pradesh | Kerala | Maharashtra

Similarly KCE would like to offer the following services:

1. To provide refresher courses in diverse fields to PPPL staff at different levels.
2. To take up R&D work to be of mutual interest.
3. To undertake consultancy work in thrust areas.
4. To serve as a platform hosting industrial exhibitions, events etc.
5. To organize seminars, guest lectures, workshops etc jointly organized by both.
6. To provide necessary resources to conduct training at KCE premises for enhancing the skill requirement of students.
7. To provide necessary resources to conduct campus recruitment at KCE.
8. To provide resources available with KCE like net lab, language lab, communication lab etc for use of PPPL at mutually convenient dates.

Sub: Regarding internship programme

Sir / Madam,

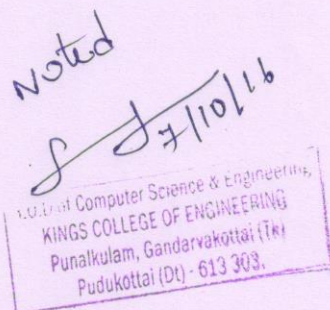

This communication is to authenticate to you that the students of our CSE Department have been offered an internship with Oculus technologies.

In order to be given credit, the student's internship practice must meet the standard necessities. I establish that, this internship is a total of 15 days. The work is on place and includes significant tasks that spotlight on developing the acquaintance, proficiency, and talent of the student that are applicable to potential employment openings. An on-site overseer will accomplish weekly sign in meetings to converse the work evolution and write a final assessment report.

Sub: Request for internship-reg.

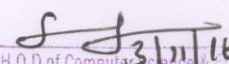

Sir/ Madam,

We are very glad to inform you that our CSE Department students are interested to join the internship training from your esteemed company. As per the curriculum, the students need to attain a certificate after adequate training.

It will be a great opportunity for the students as they will get to learn a lot of new things related to our department. We request you to kindly allow our students to join the training program and do the needful.

Thanking You

Yours faithfully

Sir/madam,

We are delighted to accept the request of internship for your students with our company. During this period, your students will be designated as "Internees" at our company. We have decided to take internees from your college to work on our different ongoing projects. All the details in relation with the project and duties of the respective internee will be shared on the very first day of their internship with us. And once they have successfully completed, all the internees will have to submit a detailed project report on their internship which will have details of their project and their roles.

Memorandum of Understanding (MoU)

This Memorandum of Understanding has been signed on this day of 01.06.2016 between Pantech ProEd Pvt Ltd represented by Manager with its office at 4th Cross, Thillainagar, Trichy (hereafter referred to as PPPL).

Kings College of Engineering represented by its Principal, having its office in Punalkulam, Near Thanjavur, Pudukkottai District, Tamilnadu (hereafter referred to as KCE).

The two parties hereby mutually agree and place their signature on this document with their full understanding to extend their mutually beneficial support for a period of five years.

With a view to enhance the capacity and capability of the students, KCE is looking for avenues where our students can get hands on training in corporate.

As part of terms of reference would like PPPL

1. To permit students for Industrial visit.
2. To provide training to students during semester holidays.
3. To permit students to do final year project work and give necessary technical assistance and guidance.
4. To provide KCE with a training module this can be used by KCE to make their students employable in PPPL.
5. To visit KCE at the beginning of odd semester and measure or compare whether the skill sets possessed by KCE students conforms to/match the nature of skills required by the job at PPPL.
6. To arrange presentations/workshops/seminars/training programmes/practical Demonstrations etc either at PPPL's premise or at KCE's premises (or both) to facilitate KCE students to acquire skills required for employment at PPPL.
7. To visit KCE premises for campus recruitment and provide opportunity for KCE students for employment in PPPL.
8. To provide any other mode of industrial exposure to students as PPPL deems it desirable & convenient.

www.kingsindia.net

Similarly KCE would like to offer the following services:

1. To provide refresher courses in diverse fields to PPPL staff at different levels.
2. To take up R&D work to be of mutual interest.
3. To undertake consultancy work in thrust areas.
4. To serve as a platform hosting industrial exhibitions, events etc.
5. To organize seminars, guest lectures, workshops etc jointly organized by both.
6. To provide necessary resources to conduct training at KCE premises for enhancing the skill requirement of students.
7. To provide necessary resources to conduct campus recruitment at KCE.
8. To provide resources available with KCE like net lab, language lab, communication lab etc for use of PPPL at mutually convenient dates.

01.06.2016

Memorandum of Understanding (MoU)

This Memorandum of Understanding has been signed on this day of 01.06.2016 between Armada Industrial Automation represented by Managing Director with its office at Hlg 47, New Housing Unit, Thanjavur-9 (hereafter referred to as AIA). Kings College of Engineering represented by its Principal, having its office in Punalakulam, Near Thanjavur, Pudukkottai District, Tamilnadu (hereafter referred to as KCE).

The two parties hereby mutually agree and place their signature on this document with their full understanding to extend their mutually beneficial support for a period of five years.

With a view to enhance the capacity and capability of the students, KCE is looking for avenues where our students can get hands on training in corporate.

As part of terms of reference would like AIA

1. To permit students for Industrial visit.
2. To provide training to students during semester holidays.
3. To permit students to do final year project work and give necessary technical assistance and guidance.
4. To provide KCE with a training module this can be used by KCE to make their students employable in AIA.
5. To visit KCE at the beginning of odd semester and measure or compare whether the skill sets possessed by KCE students conforms to/match the nature of skills required by the job at AIA.
6. To arrange presentations/workshops/seminars/training programmes/practical Demonstrations etc either at AIA's premises or at KCE's premises (or both) to facilitate KCE students to acquire skills required for employment at AIA.
7. To visit KCE premises for campus recruitment and provide opportunity for KCE students for employment in AIA.
8. To provide any other mode of industrial exposure to students as AIA deems it desirable & convenient.

www.kingindia.net

Similarly KCE would like to offer the following services:

1. To provide refresher courses in diverse fields to AIA staff at different levels.
2. To take up R&D work to be of mutual interest.
3. To undertake consultancy work in thrust areas.
4. To serve as a platform hosting industrial exhibitions, events etc.
5. To organize seminars, guest lectures, workshops etc jointly organized by both.
6. To provide necessary resources to conduct training at KCE premises for enhancing the skill requirement of students.
7. To provide necessary resources to conduct campus recruitment at KCE.
8. To provide resources available with KCE like net lab, language lab, communication lab etc for use of AIA at mutually convenient dates.
