Green Campus Policy

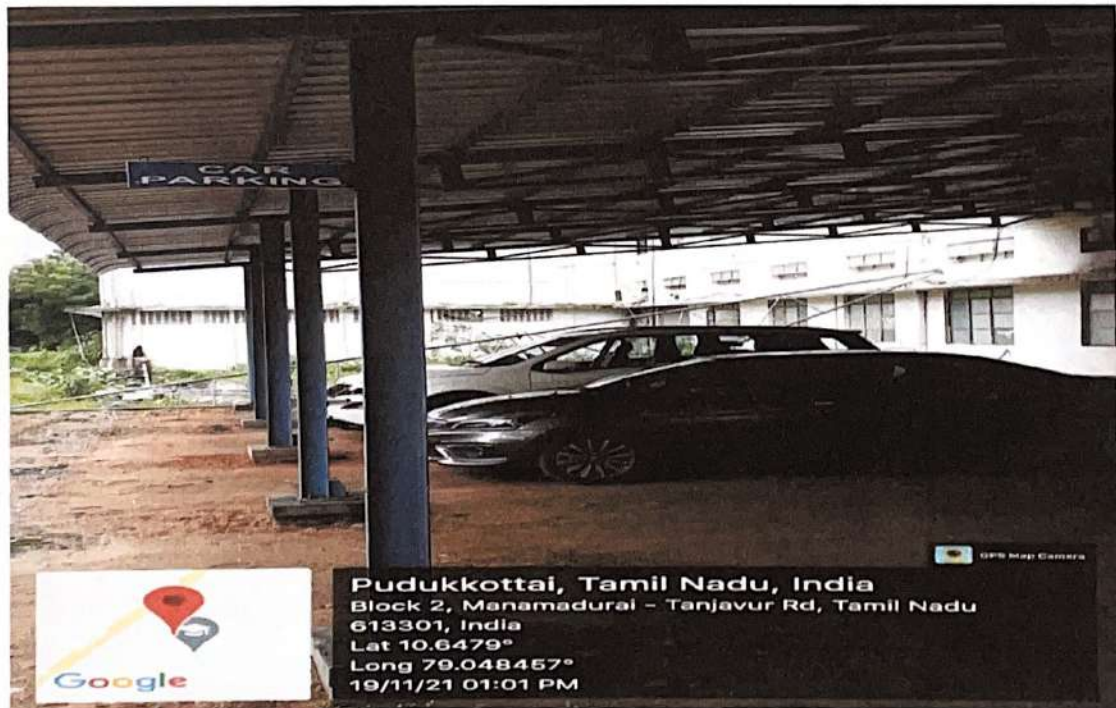

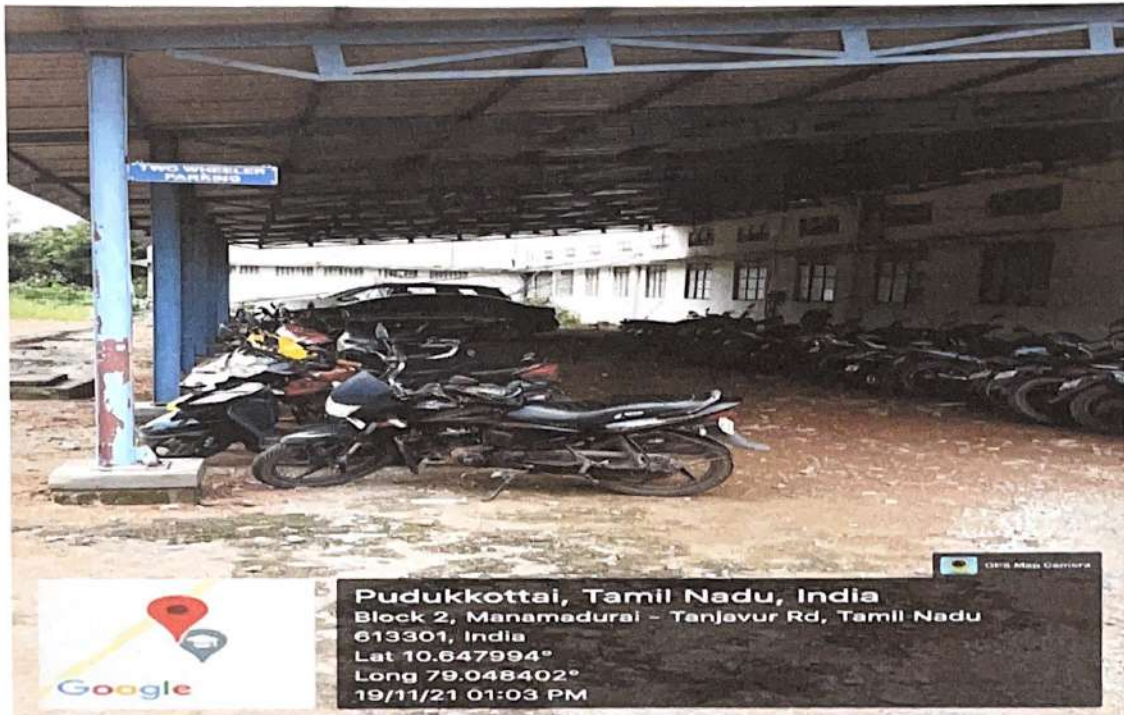

- The institute's Eco club, which has members of active faculty and students interested in working on the agenda of creating green action plan for the sustainable development and climate changes in education services.
- The institute shall go for external authentic green audit with the help of experts, environmentalists and the student community for whom it would be an educational and sensitization process.
- The institute shall develop a baseline data on water use, waste generation and disposal, carbon footprint, paper use, etc.
- The organic and inorganic solid waste in the campus shall be collected separately for disposal as per established norms.
- The single use plastic is banned in the campus.
- Faculty and students shall conduct studies and plan initiatives for reducing electricity consumption and improving energy conservation in the campus.
- Use of solar PV generation shall continue and faculty members and students to identify and explore other methods of green energy usage.
- The green and environmental awareness shall be spread to the nearby community as student's extension activities.

F.No. AICTE/P&AP/Tree-Plantation/2019

To
All Directors/Principals/Vice Chancellor
AICTE approved Institutions & Deemed Universities

Subject: Plantation Drive from 1st to 15th August by MHRD in all AICTE approved Institutions as a part of "One Student, One Tree" initiative.

Dear Sir/Madam,

Hon'ble HRD Minister Dr. Ramesh Pokhriyal "Nishank" has launched a new campaign "One Student, One Tree" on 20th July 2019. This initiative is in line with the Hon'ble Prime Minister's idea of a green and healthy environment. Kendriya Vidyalayas (KVs) have already initiated this project with a target of planting 10 lakh trees. This initiative need support of our young dynamic students and teachers.

As a responsibility towards mother nature and contribution to this initiative, I urge your institute to carry out a plantation drive on any suitable day from 1st to 15th August. We strongly recommend **plantation of a minimum of 1 tree per student** by your institute. Diverse species of trees should be planted with focus on minimum water consumption in an ecofriendly manner. Also, these trees should have suitable utility in the nearby area.

Planting a tree is not enough. Taking care of it for first 1-2 years is equally important. Take care of this too. In case of unavailability of land for plantation, Institutes are requested to approach nearest "Forest Department" to carry out the same. As an incentive for carrying out plantation, student will be awarded 20 "AICTE Activity Points" as defined in Chapter 6 of AICTE Internship Policy.

Your institute needs to submit data of planted trees along with one picture of plantation drive (preferably group of students with the saplings) on "<http://www.fdp-si.aicte-india.org/onestudentonetree/>" by 20th of August, 2019

Based on suitable criteria, Institutes will be awarded by Hon'ble HRD Minister on 5th September 2019 i.e. on Teacher's Day. In near future, further information shall be asked by AICTE regarding survival rate of these trees. We further request you to display attached posters on the Notice Board of the Institute and make "One Student, One Tree" a huge success.

Tree Plantation by NCC Unit

4.3 Initiatives through Eco-Club

The main aim of the establishment of ECO club is to make students think productively to conserve the natural resources to their maximum extent so as to pass on this wonderful planet to NextGen in the same way it was given to us by our ancestors.

Vision : To make the students a responsible care taker of the place where we live in by educating the need for conserving the natural resources.

Objectives

- To promote activities which make students understand the biodiversity conservation for the healthy well being.
- To avoid plastics and other things that creates pollution and spoils the planet.
- To maintain cleanliness in and around the living place.
- To reduce the electric power consumption with the motto of "**A penny saved is a penny gained**".

4.4 Initiatives through Dr. APJ Abdul Kalam Memorial Foundation

Dr. APJ Abdul Kalam Memorial Foundation was formed in the year 2015 at Kings College of Engineering by Department of Mechanical Engineering students. The main objective is to visualize green KINGS through environment protection and plantation of more trees in and around the campus. The target of the foundation is to plant trees equal to students' strength and make pollution free KINGS. Every year, on behalf of Dr. APJ Abdul Kalam Memorial Foundation, Mechanical Engineering students commemorate the birth anniversary of Dr. APJ Abdul Kalam as "Plantation day" to spread awareness among the students and public regarding the importance of ecology and the natural environment. In addition to tree plantation, the foundation also extends support during various natural calamities and medical emergencies.

Activities of Dr. APJ Abdul Kalam Memorial Foundation

Sl.No.	Date	Details of Events
2015-16		
1	04.08.2015	Tree plantation at KCE
2	08.08.2015	Blood donation camp at KCE
