"Digital Land Survey - Agricultural Department"

REPORT

03.02.2026

The National Service Scheme (NSS) Units I & II of Kings College of Engineering actively participated in the Agricultural Survey – Digital Land Survey organized by the Agriculture Department, Gandarvakottai, from 24 January 2026 to 28 January 2026. The programme was conducted following a request from the Mr.R.Vignesh, Assistant Director of Agriculture, Gandarvakottai Block, who sought the support of NSS volunteers to assist in the agricultural survey activities.

A team of 6 NSS volunteers was deputed for five days to work alongside the officials of the Agriculture Department. During the survey, the volunteers assisted in digital land survey, field verification, agricultural data collection, and documentation. They supported the department in collecting accurate field information, which is essential for maintaining digital land records and implementing various agricultural development schemes.

The programme provided the volunteers with valuable practical exposure to modern agricultural survey methods and government field operations. By working directly with Agriculture Department officials, the volunteers enhanced their technical knowledge, communication skills, teamwork, and sense of social responsibility while contributing to rural development initiatives.

During the Digital Crop Survey, Tmt.M.Sangaralakshmi, Joint Director of Agriculture, Pudukkottai District, visited Punalkulam village and inspected the survey work carried out by the NSS volunteers. She interacted with the volunteers, appreciated their dedication and active involvement in the Digital Crop Survey, and encouraged them to continue contributing to community-oriented government initiatives through the National Service Scheme.

The programme was successfully coordinated by Dr. M. Pugazhenth, NSS Programme Officer (Unit-I), and Mr. S. Ambalatharasu, NSS Programme Officer (Unit-II), who deputed and guided the volunteers throughout the survey period.

Outcome of the Programme

- * NSS volunteers gained hands-on experience in digital land survey and agricultural fieldwork.
- * Participants understood the importance of accurate land records and agricultural data collection.
- * The programme enhanced the volunteers' technical, communication, and teamwork skills.
- * Volunteers became familiar with the field activities and public service initiatives of the Agriculture Department.
- * The activity strengthened the spirit of community service and collaboration with government departments.

Ltr. No.B/140/2025-26

Date:03.02.2026

Respected Sir/Madam,

Sub: Agriculture-Gandarvakottai block- DCS 2025-26-Letter of Appreciation for providing NSS Volunteers for DCS Work 2025-26 – Reg.

Ref: This office letter No.B/140/25-26, Dated:21.01.2026

On behalf of the Department of Agriculture, Gandarvakottai block, I extend our sincere thanks and appreciation to your institution for providing the NSS volunteers to support the Digital Crop Survey (DCS) work 2025-26, based on our request.

We are pleased to acknowledge that the NSS volunteers actively participated in the Digital Crop Survey field activities for a period of six days from 24.01.2026 to 29.01.2026 in coordination with our department officials. Their involvement played a significant role in the successful execution of the survey work.

We look forward to continued cooperation and support from your esteemed institution for similar initiatives in the future. Once again, we express our thanks to your institution, the NSS Programme coordinator and the student volunteers for their valuable contribution.

With Thanks & Regards

Assistant Director of Agriculture

Gandarvakottai Block.
