## NATIONAL SERVICE SCHEME

NOT ME

BUT YOU

### “IMPORTANCE OF WASTE MANAGEMENT TO ENVIRONMENTAL SANITATION”

Date & Time: 09.10.2020, 12.00 p.m

Venue: Google Meet

#### Report

As per the direction of Ministry of Youths Affairs and Sports in the scheme of Swachh Pakhwada under Swachh Bharat Mission from 09.10.2020, the topics of **Importance of Waste Management to Environmental Sanitation** on 09.10.2020, 12.00 p.m, was organized by the National Service Scheme of our college. The programme officers Mr. P. Rajeshwaran, Unit I and Mr. S. Ambalatharasu, Unit II, made all arrangements for this programme.

The programme was inaugurated by Dr. R. Rajendran, Secretary and Dr. J. Arputha Vijayaselvi, Principal of Kings College of Engineering. was made tremendous help for this programme in a grand success. In this programme, 120 NSS volunteers of our college eagerly participated and the chief guest of this programme Dr.P.Saravanan Dept.of.Chemistry / KCE. Delivered a lot of message about Environmental waste management is crucial not only in maintaining the cleanliness of our surroundings but also keeping the good health of the people. This requires logical and meticulous planning because a lot is at stake – and the effectiveness of this process will benefit everyone as well.

There are a lot of waste management and recycling companies who give a lot of effort into achieving this. We, Green Mountains, are doing the same – in fact, we are the leading providers of liquid and solid waste treatment and disposal, as well as chemical waste disposal services. We take pride in being one of the best when it comes to collecting, transporting, treating, and disposing of any kind of waste materials. We have been in the industry long enough to know the right and effective procedures to execute in these endeavors.

There are actually different types of waste – namely human and animal feces, solid wastes, domestic wastewater, industrial wastes, and agricultural wastes. And waste management is the strategy to prevent, monitor, handle, and treat these wastes of this world. Finally the Vote of thanks given by Mr. S. Ambalatharasu, Unit II.
