

SUMMARY REPORT – Orientation Program

Department of CSE organized an orientation program for

- Final year students (Batch: 2016 – 2020) on 16.12.19

The major objective of the program was to make the students aware of the importance of SWAYAM course and its certification. Ms.G.Chandra Praba handled the session. She identified five courses which is useful for the final year students for their career. Totally 29 students have attended the program.

The courses are,

- Python for Data Science – 4 weeks
- Software testing – 4 weeks
- Introduction to IOT – 12 Weeks
- Art of C Programming – 12 Weeks
- Animation – 15 Weeks

Ms.G.Chandra Praba AP/CSE insisted the importance of SWAYAM course

- For third year students (Batch: 2017 – 2021) the program was conducted on 17.12.19. The major objective of the program was to make the students aware of the importance of GATE exam and various domain areas of project.
 - The first session handled by Mr.M.Arun. He provided an overview about project and its domain area and discussed about various software tools.
 - The second session handled by Ms.R.Ranitha. She briefed about the GATE exam details and its importance. She described about the exam pattern and important subjects to be studied.

Totally 44 students were benefited.

Mr.M.Arun AP / CSE described the various domain areas of project.

Ms.R.Ranitha AP / CSE had given the exposure about GATE exam
