

Department of Training and Placement

Academic Year 2024 - 2025

Report on Webinar on “Exploring Careers in Engineering: Awareness and Essential Skills”

In association with Impacteers our department has organized the webinar on 5th and 6th September 2024 for all the III and IV Year students at Pallava Hall.

The webinar on "Exploring Careers in Engineering: Awareness and Essential Skills" aimed to educate students and professionals about the various career opportunities in engineering and the essential skills required to succeed in this field.

Introductory Activities:

On day one (05.09.2024) students were given with an orientation about impacteers by Rethinakumar on how to sign-up to the platform.

Followed by 15 to 20 interactive quiz programme on a mix of STEM and Movie Trivia conducted by the quiz masters.

On the second day (06.09.2024) the webinar on “Exploring careers in Engineering: Awareness and Essential Skills was organised. Mr. Venkatesh Mani, Senior HR Manager at embedUR systems was the acted as the resource person.

Key Takeaways

- **Career Opportunities:** The webinar highlighted various engineering branches, including Computer Science, Mechanical, Electronics and Telecommunication, and Civil Engineering.
- **Essential Skills:** Participants learned about the importance of developing transferable skills, such as problem-solving, communication, teamwork, and project management.
- **Industry Insights:** Experts shared their experiences and provided insights into the latest industry trends, job prospects, and required skills.

Key Skills for Engineers

- **Problem-Solving:** Critical thinking and analytical skills to tackle complex engineering problems.
- **Communication:** Effective communication to convey ideas, plans, and solutions.
- **Teamwork:** Collaboration and leadership skills to work effectively in teams.
- **Project Management:** Ability to manage projects, prioritize tasks, and meet deadlines.
- **Adaptability:** Willingness to learn and adapt to new technologies and industry developments.

Benefits of Attending

- **Career Guidance:** Participants gained valuable insights into various engineering careers and the skills required.
- **Networking Opportunities:** The webinar provided a platform to connect with industry experts and like-minded individuals.
- **Skill Development:** Attendees learned about essential skills and how to develop them.

Beneficiaries:

Around 211 Final year students and 121 Third year students were benefited from the programme.
